Akhbar Faracyan: *An Ongoing  
Turkish-Armenian Story*

The decision to look at the past and the present also through the prism of "the righteous," taken during the founding meeting of the Hrant Dink Foundation, came into life with the contributions of Alper Öktem, a member of our Advisory Board. We would like to thank him wholeheartedly for his financial and moral support, as well as for keeping this effort alive with new ideas since 2010.
